

In order to realize the interface function between research and industry, ANAXAM is looking for:

## **Project Manager**

with the focus on synchrotron X-ray imaging

### **About ANAXAM**

ANAXAM is a technology transfer center that was founded in 2019 by the Paul Scherrer Institute PSI, the University of Applied Sciences Northwestern Switzerland FHNW, the Swiss Nanoscience Institute SNI and the Canton of Aargau. ANAXAM enables industry to benefit from innovative analytical methods using neutron and synchrotron radiation, based on large-scale research facilities, for the development and optimization of new products or processes.

## Your tasks

Where industrial and scientific know-how come together you are responsible for:

- Lead and coordinate interdisciplinary projects with partners from industry and academia
- Plan, design and execute experiments at PSI and other international large-scale facilities
- Responsible for data evaluation and result interpretation
- Contribute to the development of tailor-made infrastructure for experiments
- Acquiring new projects

## Your profile

You bring the enthusiasm to work on new topics in a customer-oriented technology transfer environment and you have:

- PhD degree in materials science, engineering, chemistry, physics or related subject area
- Imaging expertise at synchrotron facilities, equivalent to postdoc or beamline scientist level
- Hands-on experience analyzing large tomographic data sets
- Proven experience in project management
- Fluent in English and understanding German is mandatory

## We offer

- Dynamic Work Environment: Be part of a supportive and innovative team working on cutting-edge projects
- Professional Development: Opportunities for continuous learning through training, seminars, and conferences
- Flexible Working Hours: Options for flexible work arrangements and remote work
- Competitive Compensation: A competitive salary package and pension plan
- Modern Infrastructure: State-of-the-art facilities with convenient access to public transportation

This is a permanent position.
